

## Community Involvement

The Brasstown Community Civic Center strives to fill community needs by providing a fully equipped facility.

Last year we added an outdoor pavilion to the annex building. The space can be used as a sheltered area for families using the playground or for outdoor events in the future. The "Schoolhouse" is available for events that need a smaller space or a classroom type setting: continuing education, crafting, meetings, etc. and events that lasts for more than a day or two.

Community Kitchen

We also have a "Type 1 commercial community kitchen". This commercial kitchen is available to residents of both Clay and Cherokee counties. We worked with local small farmers and home gardeners to supply a certified commercial kitchen that can be used for their canning and preserving needs in such a way that they may sell their product.

Outdoor Pavilion

**The Brasstown Community Civic Center is operated and maintained by individual donations and proceeds from concerts and other fundraisers.** All proceeds from donations and fundraisers go towards maintenance, upkeep and improvements to the facility.

Summer Concert

Over the last two years and with the help of several grants we finally have all the equipment needed to be recognized as a **Red Cross shelter** in case of an emergency or natural disaster. Thank you to all who helped make this happen!

and a dish to share!

## Brasstown Community Civic Center

### History

The Brasstown Community Civic Center (BCCC) is located in the scenic mountains of Clay County, North Carolina.

Brasstown is a community of about 600 people living on both the Clay and Cherokee sides of the county line. In 1992, local residents, in cooperation with the Clay County Commissioners, developed and elected their leadership and incorporated the Brasstown Community Center as a tax exempt, non-profit organization. We strive to “promote the welfare, civic spirit and pride” of Brasstown and the immediate vicinity.

Since 1994 the Community Center has served as a popular location for concerts, gospel singing, potluck dinners, entertainment, art exhibits, family reunions, arts and crafts shows, youth and adult basketball and educational classes. The BCCC is also the location for educational classes focusing on health, agriculture, cooking, crafting, sewing, gardening, and rural economic development.

BCCC has a large event room/gym, with an indoor basketball court, certified commercial kitchen, meeting room, shower and storage room. It also has a smaller meeting space available in the schoolhouse annex, an outdoor pavilion, a quarter mile walking track with fitness stations and 3 acres of grassy area for outdoor activities including a fenced children’s playground with a picnic table.

**2023**
